## Your Experience

Your perfect country getaway a-la James Bond. Build up speed along the motorway and drive along open country roads. Soak up the natural beauty of the English countryside in the ideal setting for driving your luxury grand tourer. Then get pinned back into your seat as you engage Sport Mode and unleash the full potential of your supercar.

Your experience will begin at our meeting point in Hyde Park. We will assess traffic conditions before departure and help you tailor the ideal route based on your preferences, favouring quiet, open roads in the country (we know all the best spots!) Your friendly and knowledgeable GT Rush guide will help you get acquainted with your unique motor and guide you along your chosen route. If you prefer to sit back, relax and enjoy the sites, you can ask the guide to drive you instead. And don't forget your stunning supercar has two comfortable rear seats so you can share your adventure with some very lucky passengers.

On the Adrenaline ride we recommend driving out along the M40 motorway and along open country roads around London's beautiful green belt for a heavenly combination of exhilarating blasts and scenic cruising. We'll also throw in a pit stop at a country pub for you to stretch your legs and capture your once-in-a-lifetime experience on camera :-)
